Sunbelt XXXII  
Redondo Beach, CA  
2012

Dear Colleagues,

Welcome to Sunbelt XXXII, the International Network for Social Network Analysis annual meeting. Please review the program as there may have been some last minute changes. Any additional changes will be posted at the registration desk.

If this is your first time at Sunbelt, there are some traditions you might like to be aware of:

- Session-hopping between papers is expected. As such, please start and stop your talk at the appointed times.
- A laptop & projector will be available in each session. Please load your presentation on the laptop before the session begins. If you need to use your own laptop, please connect at the beginning of your talk.
- If you are presenting last in a session, you are the Session Chair. You are asked to introduce the presenters and to keep the session on time.
- Lunch time has traditionally been long enough for Lin Freeman to go wind surfing. Please feel free to ask the organizers for restaurant recommendations, bike and surfboard rentals, whale watching, etc.
- A continental breakfast will be available each morning in the Redondo Foyer for anyone staying in the hotel.
- The Hospitality Suite will be open Thursday – Saturday, 9 pm – Midnight in the Presidential Suite on the 5<sup>th</sup> floor. Please be respectful of others staying on this floor by being quite when in the hallways.
- We gratefully acknowledge the assistance of Kayla de la Haye and Hank Green in reviewing abstracts and helping with the program.

If you have any questions, please find us. We hope you have a great conference.

Sincerely,

The Organizers, Tom Valente, Rebecca Davis, & Laura Koehly
